GRAHA MANTRA S WITH MP3:

Madam you said, "I have become involved in a court case. I want to know what will be the results and will there be anymore police and court cases in future and what are the remedies I can do to make the results in my favour. This happened 2 weeks ago. If the results are not in my favour, the problem is I may be sent back to India by the US govt. Please also see in which country I will be staying and how are my job prospects in US? or will I be returning back to India soon? Please look up my husband's chart also if it is going to help u to determine answers to the above questions: he is working now. I am not yet working. I wanted to start looking for work at the end of this year".

chart ravi is posited in the enemy sign. Guru is posited in own sign and sani is retrograde. None of the planets are having rapt conjunction and also rahu-ketu axis is away from chandra. In the bhava chakra guru is in the 12th bhava and the remaining planets are posited in the same houses as in rasi with reference to lagna.

Kuja being the 7th lord in lagna aspecting own sign and house guarantee an excellent married life. She is under the influence and obeys her husband very much. This is a good combination when it comes to married life but in fights, wars and struggles, it works against the native as she does not have the fighting spirit and easily surrenders! As such, the chart is not suitable for public relations job. At this juncture, she is supposed to pull her strength together and fight tooth and nail and SHOULD NOT surrender. She requires strength and encouragement and moral support from husband. Sukra is the lagna lord and the native is from a good and elite family. Delicate health is seen due to kuja in lagna and the lagna lord being the 6th lord. The native should take care about sugar level as there is this problem in the ancestral lineage. She is bound to become rich and enjoys all wealth and pleasures of life and IS NOT a jail bird nor a deported national under humiliating circumstances.

She is very intelligent in the sense she is learned person like a parrot. She lacks common sense and worldly knowledge. The native is suitable to managerial and office management jobs. Chandra the 3rd lord in the 6th shows that the relationship with friends, brothers/sisters is not up to the mark. Normally, the native will not be having any long standing friends. She makes friends fast but does not have consistency to continue friendship. This combination causes fear due to enemies, loans and diseases. But sani in the 3rd retrograde shows that she has lot of patience required to wage a court battle. In other words, short term fear and long term patience alternate frequently. The government, administrator, law maker is not angry with her as ravi aspects his own sign the 4th. Even then ravi is not too happy in the enemy house. This means due to compulsions, the government (or his representatives like judges, police etc..) help the native. 5th lord in the 9th with the lagna lord is a good combination that brings greatest good luck and success to the native. Most of the luck starts and is related to child birth.

The greatest draw backs in the life is the ownership of guru over the 8th house and also presence of chandra in the 8th with rahu. If rahu had eclipsed totally, it would have been even more worse leading to mental problems and imbalance due to problems like this. Now, there is no fear of loosing mental equilibrium but the native tends to be touchy. She is confused and afraid of enemies, ghosts, thieves and loose faith that there are good human beings around. Her experiences also shows that women and nomadic (gypsy-lambadi), strange looking people caused problems in her life. By developing an optimistic out look, she can combat this weakness. She should listen to Durga Sukta/ Mahishasura Mardhini sloka everyday. Rahu kavacha or beej mantras can also be used for this purpose. She should recite rahu beej mantras minimum 18 times a day. That means worship of fearful form of Goddess like Kaali, Chamunudi gives her much needed courage.

Professional development is very slow. She can not expect to be a high officer or a business person. However, the government will help her by providing special schemes to purchase houses/ornaments/vehicles etc., This means whenever she decides to buy such things, govt. reduced the price or tax or registration payable! Similarly, government provides a job to her. She will be middle ranking office manager. She does discharge her duties well and is well known for her authority. For argument sake, if she is sentenced then no government - Indian or American would be giving a job. This government/autonomous body like municipality, corporation, university etc, give her appointment, it can be inferred that she would be out of the present problem.

As the 11th lord is posited in the 12th, the native will have much wealth but this is not a business person's chart. As guru is the 8th lord, there will be horrible and neck breaking problems wherein judiciary, panchayat, a gathering, enquiry authority will have to be addressed. Anybody who have involvement of guru with the 8th, will have to face such enquiries and inquests. As guru aspects his OWN sign and house, she WILL BE FULLY ABSOLVED of all the charges and WILL NOT be deported. It is true that the winning will not come easily on a plate. She will have to under go humiliations, worries.

Another problems with guru is that the native does not like/ does not approach God for mercy. She decides that God is bound to favour her and does not under take any recitation or advise of others, thereby landing head down in trouble. Even if she recites the mantras, God will not be easily pleased and would be reluctant to grant any favours, unfortunately. There is slight deviation from this dictum in the particular chart. As guru aspects the 8th house, guru should protect the native from suicide, fatal health problems, imprisonment and grant long and happy life in the company of children. Due to this dual role, guru will be pleased but not so early and easily. She should have good will power to seek mercy of God. The native is having the bhukti of Budha 16-01-2008 to 25-09-2010 in the dasa of sani. For vrishabha rasi people sani is yoga karaka which means he will give all the benefits of life. As he is

retrograde and in 6-8 from the 10th house, he is slow to give placement to the native. Since both the dasa and bhukti lords are natural and functional benefics, this period is going to be beneficial to the native. The earlier bhukti of Sani 12-01-2005 to 16-01-2008 was having the desire to halt the professional growth. Guru is the sub lord of 2nd house giving good monthly income, happiness, being with husband (not separated). Also, he is the star lord of rahu who is in the 6th. As such, guru also causes enemy action, a struggle to overcome such problems.

Since both the dasa and bhukti lords are good, why such a thing has happened first of all? The present bhukti of budha is a curing period, it solves the problems but the problem cropped up during the earlier sani bhukti whose intention was to cause professional set back. Being yoga karaka, he will not cause permanent damage. SATURN IS A GREAT DISCIPLINARIAN AND TEACHER. This is the time to learn new lessons. And that is the way Sani teaches the lesson, rather hard way! The transit of sani also afflicts ravi, the government. There is no problem with guru as he is transiting in the 3rd from rasi. It is not correct to say that he is transiting in the 8th from lagna as the transit results are deciphered from moon sign (rasi).

Guru enters makara the 4th from rasi (which is not called guru bala, but is a better position to seek solution from problems) from 11.12.2008. This is the transit in the 4th to bring happiness. This house is the 9th from lagna. Being neecha, the judges are difficult to approach but as guru triggers the action of both dasa and bhukti lords, he caused acquaintance from all the charges. By 25.09.2010, the native will be totally cleared from all these problems.

The element of uncertainty, lack of influence, lack of relaxation and sleep etc., can be overcome by remedial measures. The native should recite beeja mantra for guru (nothing less than that) minimum 108 times. Suppose she has more time, she can recite every hundred times more than that. But beeja mantra should not be recited in civil cloth or any time, anywhere. As such, if she requires to recite the mantras, she should select namaskara mantra or peedahara mantra (first two lined two mantras- one of them). These mantras can be recited anywhere and any time. She should spend more time in temples, satang etc., that she will be in the company of God. But, the remedial measures do not yield sudden results and being discouraged the native may discontinue them! This is what happens with most of people having 8th guru. The patients having guru in 8th only complain about the disease but refuse to be cured and find fault with medication. They prefer to enjoy the suffering! They prefer to cry about the diseases but can not follow the diet at all! The native may fall into such trap and so she requires lot of will power. There is no point in talking about the problems but one should seek the solution. Let her start slowly that she gets tuned to this mood. Under any circumstances, until the problem are over, she should not stop the remedial measures for guru. Reading (parayana) of Sri Sai charita or Raghavendra Swamy Mahatme or Bible or any religious scripture everyday is a good idea.

Since sukra is very strong being the lagna lord and also the present dasa is of sani, yoga karaka, the native will continue to stay abroad. There is no deportation. Professional growth also is not damaged. These incidents have caused halt in the process of job. The native can wear Emerald for budha of 4-5 carats made in gold that brings clear thinking, luck and religious mentality. She can also keep the yantras for rahu and guru for worshipping. A simple worship like washing with milk and putting dhoop, deepa and naivedya will do. If she does not have inclination (as most vrishabha lagna borns worship only money god -Mahalakshmi) to conduct pooja, then the yantras are not needed. Sani dasa shows that the stay will be in the US only as there is largest work force.
