Matching of Charts-

The boy is born in Mrigasira 4th pada, mithuna rasi while the girl is born Bharani star 1st pada rasi being mesha. These two rasis are not inimical. Lagna in case of the boy is kanya whereas the lagna in the girl's chart is vrischika. The girl's chart is exempt from any kuja dosha as the lagna and rasi are owned by the planet, kuja. As can be seen from asta koota

matching, the match gets good marks i.e. 28 marks. In the planetary relationship, kuja hates budha while budha remains neutral. As such, 2.5 marks have been given. Though the nadis are the same, sukra, the kalatrakaraka is well posited in both the charts. As such, this mis-match is set aside. Though the system's auto matching gives 18 marks, due to above reasons, this has been amended as 28.

Now, let us examine the chart of the girl in detail. In this chart, ravi, kuja guru are in own signs. There is rapt conjunction between two benefics, budha and sukra. Budha and guru are retrograde. Sani the 3rd and 4th lord is exalted.

1) Character: She is very active, rather restless person. She likes sports. Thought her body movements are fast, she does not jump into hasty decisions. She is wise and considerate towards elders. She respects religion, elders, parents and others. Though she looks stubborn, fast and not much pleasing, she has sweet voice, concern, generosity and clear thinking.

2) Health: It is difficult to say regarding her health. She does not have delicate health, she is not prone to infectious diseases. She keeps good health for considerable periods in her life. Yet everything is not alright regarding health. She is troubled by body malfunctions, psychosomatic disorders (like stomach problems, severe pain in legs) and nervous debility. She is worry type and due to the aspect of sani, she does not wish to sit, think and find a solution. She prefers to suffer the worries and does not want to find a solution! Even after 60 years of marriage, even when the parents are not available, she will become home sick! "If only my father would be here today, whom much happy he would feel" would be their comment always. If father was to be around, it would be 100 and above! She does not realise such things. There is also nervous weakness caused by such unnecessary worries as well as bad food and sleeping habits. Migraine headaches, shaking of hands in the advanced age are quite common. It should be noted here that the native is going through the period of chandra which shows struggles, service problems, ill health of father and diseases to the native. This

means, the native requires support and encouragement from her husband when she is depressed. This is not a mental case but she is given to feeling 'low' for small reasons. She does not require any drugs or psychological consultations at all. Chandra is in the 6th while kuja (whose dasa will follow) is the 6th lord and so the health related problems go for a long time.

3) **Conjugal life:** Rahu is in the 7th which makes the native short tempered towards her husband. The lagna and 7th lords are not adverse. The husband is attractive and well placed. He supports the wife in per professional development. In the navamsha chart the 7th and lagna lords are enemies (sani

hates chandra while chandra remains neutral) and they are posited in 6/8 with each other. This shows that there is an undercurrent of dissatisfaction in her married life. Added to this, chandra is in the 8th house. As such, she is not totally happy in married life. This holds good whether she marries Kartik Prakash or anybody else. Similar result is seen in the boy's chart also. Rather it is more. The lagna lord and the 7th lords are bitter enemies which are in 6/8 in his navamsha chart. The marriage does not end up in separation or divorce as seen from both the charts. There are however binding factors like the aspect of 5th lord on the 7th lord in the gir's chart and presence of 5th lord in lagna in the boy's chart. So, they will not be totally dissatisfied in life - be it with their spouses, children, hobbies or devotion to God.

4) **Family life:** More than a good wife, she is going to a good family member. She respects her relatives, guests and elders. She is polite and has lot of adjustment mentality and wisdom. She is wise in spending - she is neither very very generous nor very stingy. She has lot of patience and tolerance due to the aspect of sani.

5) **Prosperity:** Fair amount of prosperity is seen in the chart. As the dasa of chandra is going on, immediate results in prosperity is not seen. In course of life, she will have good amount of properties and prosperity.

6) **Doshas and yogas:** The chart is exempt from kuja dosha, though kuja is posited in the 8th from rasi. Ravi in the 10th along with budha and sukra two benefics give excellent progress in her profession. More progress in the profession is seen, than in property and wealth matters. Rahu in the 7th makes her loose temper with her husband quickly. Yet, she does not hate him, rather anybody in the world. More energy is the dosha (problem) in this chart. If the things are not going at the pace she desired in the office, she gets frustrated and this will result in tension related health problems. She will ignore her health - untimely food, unhealthy, dry and harsh food, no proper sleep. Chandra is in the 6th while kuja (whose dasa will follow) is the 6th lord and so the health related problems go for a long time. The intensity of health problems will reduce in kuja dasa, after her 32 years and 10 months of age. Kuja dasa will be over at her age of 39 years and 10 months. As sani is in the 12th exalted, she lives away from her native place or native land.

Summary: Considering the present dasa and the next dasa of kuja which signifies health problems, this match can be considered as good though not excellent.
